

EVENT
INVITATION

YOU ARE INVITED!

12th Film Tech Japan

December 8 – 10, 2021

Unparalleled range of deposition technologies and 60 years of experience make Applied Materials a world leader in Roll to Roll Vacuum Coating equipment for Flexible Packaging, Electronics and a variety of Technical Applications.

Come visit us at Film Tech Japan to learn more about our latest innovative [SMARTWEB™](#) and [WF](#) sputter system designed for Touch Panel, Flexible Display and Electronic applications as well as Window Films and our solutions for sustainable packaging!

Hope to see you there.
